

RETURN WITH YOUR CONTRIBUTION

Mission Trip Donation Guidelines

Each team member going on a Heartland Church Trip is responsible for raising his or her portion of the total cost of the team's trip. However, according to IRS Publication 526 on Charitable Contributions, a contribution designated for a specific person is considered a gift and will **not be** listed on your contribution statement. By completing and returning this form in its entirety with your donation, you are indicating that your donation is for the benefit of the team and not a specific person.

Contributions are non-refundable.

Please make checks out to Heartland Church and write the team member's name as well as the trip name in the memo section of your check.

Please initial both statements and fill in the portion below:

_____ I understand that I may indicate a specific person I would prefer to receive the benefit of my contribution but grant Heartland Church the right to use my contribution to best benefit of the Missions Teams or Missions Department.

_____ I understand in order for my contribution to be listed on my giving record, it must be non-refundable. If the person I would like to support is not able to participate in the trip, my contribution will still be used to benefit the Missions Teams or Missions Department.

The person you prefer to support is: _____	
He/She plans to go on a Mission Trip to: _____	
The amount of your donation is _____. Check # _____
